<b>Assumptions Used in Arriving at Fiscal Estimate</b>  <p>This rule will not have a significant state or local fiscal impact. Section 173.41(14), Stats., created by 2009 Wis. Act 90, requires DATCP to license and inspect "animal control facilities," "animal shelters," "dog breeders," "dog breeding facilities," "dog dealers" and "out of state dog breeders" that do business in this state. DATCP must inspect licensed facilities prior to licensing, and at least once every 2 years. Act 90 provided staff and funding for this licensing and inspection activity.</p> <p>This rule will not create additional staffing requirements or program costs, beyond those entailed by Act 90 itself, nor will it change license fee revenues. Act 90 authorized DATCP to change initial statutory license fees by rule. However, this rule does not make any significant changes to the statutory fees.</p> <p>Under Act 90 and this rule, whenever a license holder sells a dog in this state, the dog must be accompanied by a certificate of veterinary inspection (health certificate). The certificate must be issued by a Wisconsin certified veterinarian, on an official form provided by DATCP. Certified veterinarians may purchase the forms from DATCP at a cost of \$0.60 each (the same as for certificates used under other animal health programs). DATCP estimates that certificate sales will generate \$44,000 in program revenue each year. Act 90 contemplates that these revenues will be used to help fund this program.</p> <p>There are no additional costs to be incurred by the state that are created by this rule.</p>
